Lista wybranych publikacji

Wejnerowski Ł., Pełechata A., Rybak M., Piasecka A., Antonowicz J.P., Belniak G., Kamiński O., Dziuba M.K., Koreivienė J., Meriluoto J., Dawidowicz P. 2026 From lakes to the sea: Invasion potential of freshwater bloom-forming cyanobacteria in Baltic coastal waters under a changing climate. Harmfull algae. DOI: https://doi.org/10.1016/j.hal.2026.103144

Wróblewski T., Młodożeniec P., Antonowicz J., 2026. Application of PTR-MS to the analysis of volatile organic compounds from cranberries as a tool for sustainable development. Sustainability 2026, 18(9), 4580; https://doi.org/10.3390/su18094580

Antonowicz J. Rybak M., Wróblewski T. 2025. A Relationship Between Nutrients in a Mid-Forest Eutrophic Lake. Water. Water 2025, 17(19), 2913; https://doi.org/10.3390/w17192913

Antonowicz J., Wróblewski T. 2025. Studies of Volatile Organic Compounds Emission from Bottom Sediments of Mid–Forest Eutrophic Lake with the Use of Proton Transfer Reaction Mass Spectrometry. Limnological Review. 2025, 25(4), 49; https://doi.org/10.3390/limnolrev25040049

Antonowicz J., 2024: A relationship between chlorophyll and dissolved substances in coastal waters of south baltic sea – anthropogenic and natural influences. Carpathian Journal of Earth and Environmental Sciences February, 19, , 147 – 155; DOI:10.26471/cjees/2024/019/286

Antonowicz J., Wróblewski T. 2024. Study of Volatile Organic Compounds in Emission from Bottom Sediments of Three Lakes with Impact of Anthropopression Using the Proton Transfer Reaction Mass Spectrometry. Limnological Review 2024, 24(3), 205 – 216; https://doi.org/10.3390/limnolrev24030012

Antonowicz J.P., Kozak A., 2020, Phytoneuston and chemical composition of surface microlayer of urban water bodies. Water 12,1904; doi:10.3390/w12071904

Antonowicz J.P., Kozak A., 2018: Chemical and phycological structure of surface microlayer and subsurface water across a salinity gradient in a southern Baltic Sea estuary. Journal of Marine Research, 76(3-4): 93–118. DOI: https://doi.org/10.1357/002224018825713997

Antonowicz J., 2018. Air-water interface in an estuarine lake: chlorophyll and nutrient enrichment. Polish Journal of Ecology, 66(3): 205-216. DOI: 10.3161/15052249PJE2018.66.3.001

Antonowicz J.P., Morkunas I., 2018. The surface microlayer of a lobelia lake: Daily dynamics of the metal content and phytoneuston/phytoplankton taxonomic composition. Journal of Elementology, 23(4): 1197-1213. DOI: 10.5601/jelem.2017.22.4.1520

Perliński P., Mudryk Z., Antonowicz J. 2017. Enzymatic activity in the surface microlayer and subsurface water in the harbour channel. Estuarine Coastal and Shelf Science, 196: 150-158. https://doi.org/10.1016/j.ecss.2017.07.001

Antonowicz J., Mudryk Z., Perliński P., Kubiak J., 2017. Measurement of heavy metal concentrations and microbiological parameters in the surface microlayer of a downtown

pond. Ecohydrology & Hydrobiology, 17(4): 283-296. https://doi.org/10.1016/j.ecohyd.2017.07.006

Antonowicz J., Kubiak J., Machula S., 2016. Macroelements in the surface microlayer of water of urban ponds. Limnological Review, 16(3): 115-120. DOI: 10.1515/limre-2016-0012

Mudryk Z.J., Perliński P., Antonowicz J., Robak D., 2015. Number of bacteria decomposing organic phosphorus compounds and phosphatase activity in the sand of two marine beaches differing in the level of anthropopressure. Marine Pollution Bulletin, 101: 566-574. http://dx.doi.org/10.1016/j.marpolbul.2015.10.057

Antonowicz J.P., Mudryk Z., Zdanowicz M., 2015. A relationship between accumulation of heavy metals and microbiological parameters in surface microlayer and subsurface water of a coastal Baltic lake. Hydrobiologia, 762 (1): 65-80. DOI: 10.1007/s10750-015-2337-7

Trojanowski J., Bigus K., Antonowicz J., 2014. The influence of anthropogenic factors on organic matter content changes in chosen beach ecosystems. Desalination and Water Treatment, 52 (19-21): 3819-3831. DOI:10.1080/19443994.2014.883801

Antonowicz J.P., 2013. Daily cycle of variability contents of phosphorus forms in surface microlayer of a light salinity Baltic Sea Lagoon lake (North Poland) – Part II. Central European Journal of Chemistry, 11(5): 817-826. DOI: 10.2478/s11532-013-0214-7

Trojanowski J., Antonowicz J., 2011. Heavy metals in surface microlayer in water of lake Gardno. Archives of Environmental Protection, 37(1): 75-88.

Wróblewski T., Hubisz K., Antonowicz J., 2010. Theoretical study of electron affinities for selected diatomic molecules. Optica Applicata, XL(3): 601-608.

Antonowicz J., Trojanowski J., 2010. Surface microlayer in eutrophic lake: variability in heavy metals contents. Polish Journal of Ecology, 58(4): 671-680.

Trojanowski P., Trojanowski J., Antonowicz J., Bokiniec M., 2010. Lead and cadmium content in human hair in Central Pomerania (Northen Poland). Journal of Elementology, 15(2): 363-384.

Antonowicz J., Trojanowski J. 2010. Accumulation capacity of cadmium and manganese in surface water microlayer of estuarine lake. Ecological Chemistry and Engineering S, 17(4): 497-503.
